The Western Ohio Educational Foundation (WOEF) is a nonprofit 501(3)c organization that is committed to supporting WSU Lake Campus students and transforming local communities through access to higher education. The WOEF Scholarship program would not be continuing and prospering today without the generous support of private citizens, businesses, and organizations. Since 1965, the Foundation has awarded over 2,600 WOEF scholarships worth $3.4 million. For the current academic year, the foundation has awarded over $228,000 in scholarships to Lake Campus students.

The Lake Campus enrolls approximately 1,200 students each year. Class sizes are typically small and allow for more individual attention. There are numerous resources on campus you will be able to utilize for academic success. The campus offers its students:

- A variety of associate, bachelor, and graduate degree programs
- A full array of general education courses
- One of the most affordable tuition rates in the state of Ohio
- Highly qualified professors, small class sizes
- Tutoring services, disability services, writing and math labs
- International travel, athletics, student employment, career services, alumni network
- On-campus student housing, all inclusive, with lakeside patios and ample parking
- State-of-the-art facility on 173 acres on the north shore of Grand Lake St. Marys

If you are still undecided about which college to attend, you are encouraged to visit the admissions page at http://lake.wright.edu/admissions/apply-online to learn more about Wright State University, Lake Campus, and to apply for admission for the fall semester.

All scholarships are made possible through the generosity of our supporters, who are private individuals, corporations, businesses, and nonprofit organizations. We look forward to having you on campus next year, and hope that you will submit your application to be considered for the many WOEF scholarships that we have reserved for students such as yourself.
