CELINA, OH - The Wright State University – Lake Campus Outstanding Student Award for the 2014-2015 academic year was awarded to Bradley Prenger, who recently graduated from the Lake Campus with a degree in mechanical engineering. Prenger is now working as an engineer for Crown Corporation.

An accomplished student, Bradley served as Engineering Club member and Vice President, Robotics Club, Engineering Statistics Tutor. In addition, he volunteered for Lake Campus Open Houses, served as a group host for High School Trebuchet Competitions and High School Scholastic Bowls, and Lake Clean-Up. Recently, Bradley was featured as a speaker at the Mercer County Economic Development Breakfast.

In his application letter, Bradley noted the importance of his upbringing in Mercer County and his desire to continue his career path in the local area. He also detailed how his campus pride was illustrated after coordinating a tour at Crown for his fellow peers, and receiving compliments from Crown representatives on the level of interest and professionalism of the Engineering students.

Students must apply for the Outstanding Student Award, then applications are reviewed and narrowed by a committee as part of the Lake Campus Annual Student Summer Sendoff, which provides free student activities to conclude the academic year. Nominees must have completed at least twelve credit hours at the Lake Campus and hold at least a 3.0 cumulative grade point average.

The two remaining finalists were Katherine Gengler, majoring in Graphic Design, and Kelly Schwieterman, majoring in Early Childhood Education.

The 2013-2014 recipient was Tiffany Bienz, a Graphic Design major.
