APPLICATION FOR ADMISSION
Bachelor of Science in Nursing (BSN)

Please read these instructions before completing this application. The application process must be initiated by the student and submitted to **182B Andrews Hall – Lake Campus** by the deadline date. Students not following instructions may be denied admission to the nursing program.

All applications will be considered solely on the basis of merit and without regard to race, color, sex, age, disability, religion, ancestry, or veteran status.

1. You must be accepted as a **degree seeking student** to Wright State University. **It is your responsibility to make sure all transcripts from all educational programs attended have been received by Wright State University and that you are eligible to register for classes the term for which you are applying.**
2. A grade of “C” or better is required in all prerequisite courses (NOTE: A science course can be repeated one time only; a maximum of two science courses can be repeated. All natural science courses must have been completed in the last five years.)
3. Both **cumulative grade point average** and **prerequisite grade point average** must be a minimum of **2.75**. **All prerequisite courses must be completed by the application deadline.** Due to enrollment limits, admission will be competitive based on prerequisite grade point average, cumulative grade point average, an interview, and HESI RN A2 entry exam scores.
4. Please take note of the course requirements listed on page two. **All of these courses must be successfully completed prior to applying to the College of Nursing and Health (by May 15 for Fall entry).** **You must attach to this application transcripts or web advisor reports verifying successful completion of all prerequisite courses listed on the application.** Please highlight the prerequisite courses.
5. You must have scored **at least an 80%** on each of the three components (Math, English Language Composite, and Science Composite) on the HESI RN A2 Entry Examination. **Please attach your exam results to the application.**
6. Both **BCI&I and FBI background checks** must be submitted directly to the College of Nursing & Health. The background check results must be completely clear/clean, showing “no record on file.” Admission decisions cannot be made until the results are received. To be sure the results are received by the deadline, you should be fingerprinted two months prior to the application deadline. (This service is available at local sheriff’s departments. All results must be sent to Lynn Franck @ 182B Andrews Hall Lake Campus – see PDF file on nursing website for specific information).
7. All students must successfully complete a **CNA (Certified Nursing Assistant) course** before entering the first nursing course (NUR 2100). The course must have been completed within two years of the application deadline unless the student is currently working as a STNA/CNA. In this situation, a copy of the certificate must be submitted along with a letter from the employer verifying your current position and years of experience.
8. All eligible applicants will be required to interview with an admission panel.
9. Any applications received after these dates will be reviewed on a space available basis.

PLEASE FILL OUT THE INFORMATION ON PAGE TWO.

Please complete the following information. You must mark where each course was completed. **Attach a transcript(s) or web advisor report to verify completion of each course. Highlight each prerequisite course on your transcript(s). Also attach your HESI RN A2 Exam results page.**

<u>WSU COURSE/CREDIT HRS</u>	<u>GRADE</u>	<u>TERM COMPLETED</u>	<u>WHERE COMPLETED</u>
Human Anatomy (I) 2100	4	_____	_____
Human Anatomy (II) 2120	4	_____	_____
English Composition 1100	3	_____	_____
