Welcome from the Dean

Dear Lakers:

Welcome to Wright State University – Lake Campus! Whether you are a new or continuing student, you are taking an important step to reaching your educational and career goals. Our programs are designed to challenge you and prepare you for professional success. Student support services are available to help you achieve this academic success. Visit the Student Success Center, your advisors, your faculty, the Library & Technology Center, and all the resources you have here at the Lake.

As construction progresses on the new Agricultural and Water Quality Center and with our third building now open in the Lake Campus Housing Villas, we continue to grow to help you reach your highest potential. I look forward to seeing you around campus!

Jay Albayyari, Dean & CAO

Things I wish I knew as a freshman

Advice from students to students.

"I wish I would have known to get involved in campus activities more and to work on campus...There are tons of awesome people to help whenever you need it!"

–Taylor Steinke
about the editor

RYAN MCGEE

Welcome to the team! Give us three facts about yourself. I am a retired touring guitarist. I am married and have a house here in Celina, and I am an avid Japanese import car enthusiast.

What would you say is your superpower? I have the ability to see how two subjects are related and use the commonalities as a learning curve for the new area.

So why the Lake Bulletin? Why write? I work in the Student Success Center, so I see how helpful it is to be involved with active writing and peer communications. Repetition is great practice—the sharper the knife, the more useful it is when needed.

Favorite spot on campus? There is a cozy bench off the lake that is quite nice to use for reading.

Did you KNOW that you can also view Lake Bulletin online?
