# Fires and Tornadoes

If you notice a fire in the apartments please call the Mercer County Sheriff's Dispatch at (419) 586-7724 or dial 9-1-1 from a local phone.

When the fire alarms sound, it is important to exit the building immediately. You should go to the north side of the parking lot, away from the building, behind the dumpster area. Maintain a safe distance from the building at all times and stay clear of the parking area, as fire trucks and other emergency vehicles will be entering these areas. **DO NOT** get into your car and leave the area, as you may cause congestion for the emergency vehicles.

If you hear tornado sirens, please stay away from all windows and glass. You should proceed to the ground level of the apartment. There are signs in each apartment that designate where the tornado shelter area is in your apartment. Student Services staff and/or University Police personnel will not always be available to evacuate residents to safe areas. You are responsible to get to safe areas on your own. Remain in the safe locations until the storm has cleared. If you hear a second blast, this is a new alert. Remain in the safe spaces.

# Residential Work Request Form

Residential Work Request Forms are in the Laundry Unit. Please notify the Community Director if more forms need to be added. If something needs repaired in your apartment, you will need to fill out this form completely. Once the form is completed, submit it to your Resident Assistant, Community Director, or the Office of Student Services front desk in Dwyer Hall during normal office hours. Buildings & Grounds will address all requests as soon as possible.

If any of the following occur, please call the on-call staff member at (937) 269-9753 immediately:

- No heat
- No water
- No electricity
- Inability to enter or exit apartment
- Inability to secure a bedroom or apartment

Only the above reasons are considered emergencies; any other repairs will need to be addressed through the Residential Work Request form.

If a work request is not completed in a timely manner or the request was not satisfactorily handled, a subsequent work request should be completed. Please note on the form that it is a second request.

# Cleaning Tips

Your apartment comes stocked with a few cleaning essentials to help you get started. In your kitchen closet, you will find a broom, dustpan, and trashcan. These items are available for everyone in the apartment to share. There is also a vacuum cleaner available for residents to use. Contact your Resident Assistant in order to check out the vacuum cleaner.

In addition to the cleaning supplies provided, you may want to bring/purchase some of your own. Suggested cleaning items include paper towels, sponges, gloves, toilet brush, all-purpose surface cleaner, dishwasher detergent, dish soap, and glass cleaner.

Remember, in order to maintain the beauty and cleanliness of your apartment, you should establish a regular cleaning schedule. While you are responsible for your own space, the common areas and double rooms are the shared responsibility of everyone in the room and/or apartment. Discuss a cleaning schedule and specific responsibilities as an apartment early in the year, and make necessary adjustments if needed.
