

# Industrial Maintenance Technician Training

**Modified Training Modules**  
(to maximize TechCred Training \$\$)

**Automation & Systems  
Integration Technology**

Control Systems  
Programmable Logic Controllers  
Automation Systems  
Robotic Systems  
(220 estimated class/lab hours)

**Industrial Skills  
Technology**

Pneumatics & Hydraulics  
Basic Machining Skills  
Basic Welding Skills  
(170 estimated class/lab hours)

**Fundamental  
Maintenance  
Technology**

Maintenance Basics  
Print Reading & Measurement  
Mechanical Systems  
Industrial Electricity  
Motors & Motor Controls  
(190 estimated class/lab hours)
